April 9, 2019

Dear Valued Partners,

Greetings!

The 4th annual 2019 AFCEA Technet Evening Social Event is scheduled for April 30, 2019 in the Paradia Building catered by VATOS. This event will be hosted by AFCEA Korea with the support of donations from our proud industry partner sponsors.

The purpose of this event is to provide a friendly and respectful forum to help bring government and industry together to openly communicate commercial best business practices and government implementations of Command, Control, Communications, Computers, Cyber, and Intelligence.

It is our hope that all Technet participants will have a better understanding of USFK and 8th Army's mission and better appreciation of our bi-lateral partnership with the Republic of Korea while attending this evening social.
